

The Federal Communications Commission

Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable. This fee will effect mostly lower income households and is there for unfair and discriminatory.

I use my prepaid wireless and prepaid phone card for mostly safety reasons. As a woman who travels alone for work and school, I find the security it offers me very important. If a fee is put into place I might not be able to afford to continue to have this security. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Thank you.

Sincerely,

Jennifer Watson
